Town Hall Meeting with Councillor Scott McKeen

Gerry introduced Scott McKeen to the audience which included board members and members from the public.

Scott McKeen made a few introductory remarks on behalf of his office and the city of Edmonton.

The meeting was then opened up for questions from the audience to which Councillor McKeen provided feedback and in some cases offered to perform further research and response following the meeting.

Councillor McKeen asked Gerry to provide his office with an email on the subject matters discussed on which required further follow up by his office.

At the conclusion of the meeting, Gerry thanked councillor McKeen for coming out to speak with Grovenor residents.

Councillor McKeen made a few concluding remarks before leaving Grovenor Hall.

Due to the late conclusion of the town hall meeting with councillor McKeen, it was agreed by Board members to defer discussion on the remaining agenda items until a future date.

The meeting was adjourned at 8:55 pm immediately following Councillor McKeen's departure.
